Correct.

Thanks for the confirmation email.

Matt,

This is to confirm our conversation in which you agreed that the service of process on Chief Lindsay on behalf of all defendants which occurred on February 7, 2014, was the date on which service of process should be deemed to have been obtained for all defendants and that any earlier attempted service may be disregarded without the need by any of my clients to attempt to quash that service. Our deadline for responding to the Entmeier case, pursuant to the agreement between you and Rick concerning Chief Lindsey's acceptance of service for all defendants, begins to run from that February 7 service on Chief Lindsey.

Thank you.

Rick,

I just wanted to confirm in writing our conversation from last Friday, in which you said that you would not object to service on the FSPD officers in Entmeier v. City of Fort Smith, et al, if the summonses and complaints for all of the FSPD defendants were mailed in a single package, certified, return-receipt requested, to Chief Kevin Lindsey. If this is correct, please let me know so I can pass this confirmation on to Scott Lauck.

Thank you,

Matt
